### STATEMENT OF REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The claims in their present amended forms have overcome the prior art of record because none of them teaches, discloses or suggests a granular detergent composition comprising a surfactant, a water-insoluble inorganic compound and a water-soluble salt having properties as those specifically and narrowly recited. Neither one of Saito, Nakamura or Jolicoeur separately, the closest prior art, fails to teach detergent compositions having properties as those specifically recited in the present amended claims. As shown in Table 1, on page 49 of the specification, screening alone and/or with some rolling as in Saito, Nakamura or Jolicoeur, would not meet the requirements, at least, for the degree of sphericity as those recited in the present claims. Accordingly, the subject matter, as a whole, would not have been obvious to one of ordinary skill in the detergent art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
